WORKSITE FLU SHOT PROGRAM

**ONLY  
\$30  
PER VACCINE**

The flu is responsible for nearly **\$3 billion annually** in lost work days. Discover a flexible, convenient way to reduce lost work days and revenue. The Ingalls Occupational Health Worksite Flu Program quickly and efficiently vaccinates employees at their work place. Clinics can be scheduled throughout October and November. Flu shots can be given to a large number of employees in a relatively short period of time. We offer flexible hours to cover all shifts. Supplies are limited.
